# Initial Cookie Order Process

Three steps you **MUST** do to complete initial order in eBudde:

- 1. Initial cookie order submission—Girl, Booth, and Total Order Info
- 2. Initial reward order submission
- 3. Initial delivery selection

## Initial cookie order submission

New for 2024: Parents will be able to enter paper orders in Digital Cookie (different than a customer placing an order for girl-delivery) for that info to flow into eBudde to be added to their initial orders.

- TCMs can still enter paper orders and will be expected to review all orders that flow from Digital Cookie
- Digital Cookie girl-delivery orders and paper orders will show on different lines in eBudde
- Digital Cookie girl-delivered orders WILL automatically be added to girl's initial order in eBudde UNTIL TCM submits initial order! You can verify that all orders transferred by looking at "DOC Orders by Girl" report.
- A. Girl Initial Cookie Order-each girl's in-person/paper orders
  - Click Initial Order tab
  - Click on girl name in list, page to enter pkgs will open
    - 1. Review any orders submitted by parents from Digital Cookie—does it match what they said
    - 2. Enter any paper orders or edit orders already entered

## 2. Initial reward order submission

All initial order rewards will be automatically tallied—*but* MUST be reviewed and SUBMITED to receive.

Click Rewards tab

Rewards

• Click Fill Out for Initial Rewards and review that rewards are correct—TCMs may need to enter quantities or sizes based on what your troop receives.

Transactions

If correct, scroll down and click SUBMIT Reward Order. If incorrect, go back and check girl's order to verify she met requirements to earn rewards.
 NOTE: Once you SUBMIT, you cannot make changes and will need to contact your CCM ASAP—you will not be able to order these later.

# 3. Initial delivery selection—Location, Date AND Time

AFTER submitting your initial order, you will select specific time, but that time is **not guaranteed**. The council and delivery agent may need to adjust delivery time to ensure the delivery agent is using their time efficiently. AND we typically will not adjust the entire location or date—**please ensure you or another adult available during full delivery station time frame before selecting** (i.e., 9 a.m.-11 a.m.).

- Click Delivery tab
   Init. Order
   Delivery
   Girl
- Choose your Delivery Station/Date—ensure it is a good location AND date for you

Helpful Tip At initial order pick-up, TCM/adult picking-up cookies will be required to confirm initial order by texting a special code provided on the delivery confirmation page in eBudde (also available from staff/ volunteer at pick-up site).

- Select your delviery time—box must be empty and there must be enough time for your order; eBudde will tell you how many times blocks needed.
- Click Submit My Info.
- On/after Fri., Jan. 12, print confirmation page as it will have troop delivery date, time and special text code—see above note in purple

Once delivery location and time are assigned by council, it *CANNOT be changed.* If you or another adult are unable to pick up order at scheduled time, *you MUST pick up initial cookie order at Ward North American from 8 a.m.-10 a.m. on Sat., Jan. 27*

### What if girl or troop Digital Cookie site was used to accept credit cards?

- For GIRLS, these PAYMENTS will already be listed under girl in eBudde AND will be reflected in balance owed. TO FIX THIS, add NEGATIVE payment for any credit cards payments under girl in the Girls Order tab to balance her out (i.e. accepted \$100 total on Digital Cookie, enter as "-100" in payment column). This is because payments from Digital Cookie are automatically listed as well as payments calculated from the Booth Sale Recorder.
- For TROOP, these PAYMENTS will be listed under troop and eBudde will allow you to account for the amount of payments taken on the troop Digital Cookie site in the Booth Sale Recorder.

## What if I need to edit after submitting?

Edits to booth recorder can be made by going to Booth Sites tab and selecting the booth in Record Sales.

# Digital Cookie in eBudde

Digital Cookie and eBudde are platforms of different companies; however, they work together regarding program information. There are some instances where TCMs must work with parents and manually input Digital Cookie information into eBudde.

How do girl-delivered orders in Digital Cookie work?

- When customers choose 'girl-delivered' on Digital Cookie platform, parents **MUST** approve order in Digital Cookie to be reflected in eBudde.
- Once order is <u>approved</u>, **payment** from customer will show under girl's name in eBudde (under Girl Order Tab); cookies WILL NOT show, as those will be assigned via initial order or reorder/TCM.
- Digital Cookie girl-delivered orders placed **before** submit troop's Initial Order **WILL** automatically populate in eBudde as part of girl's initial order.
- Digital Cookie girl-delivered orders placed **after** Initial Order is submitted **WILL NOT** automatically be populated in eBudde as the TCM is expected to assign packages to girls as receipts are completed.
- Once cookies are signed out to parent (or picked up from a cookie site), TCM **MUST assign those cookies** to girl in eBudde under Girl Order Tab.
- TCMs should direct parents on how to pick-up additional cookies from reorder sites as pickup user or from troop
