For today’s girls, reversing environmental threats and the long-term effects, and how to make those effects positive.

Whether addressing the needs of girls in our communities or spearheading the Business Patch Initiative (BPI) project for Valero Energy, Monica is a valued board member to the organization by serving three years on the Girl Scouts of Southwest Texas board of directors. Although her time has been short, her service has impacted the entire council.

Monica has shown extraordinary dedication of all, she learns to think like an entrepreneur, to find opportunities, to challenge oneself, to fail, and to learn from those failures, to persevere and to be persistent in the pursuit of success.

First, she learns how to think like an entrepreneur, how to identify and solve problems,

Thank you, Valero Energy Foundation, for funding our STEM (Science, Technology, Engineering and Math) patch and all the free community events at the West Side Girl Scout Leadership Center. Valero’s STEM Initiative Patch is encouraging our Girl Scouts to push boundaries, test limits and look at the world through inquisitive eyes. We appreciate you helping us provide our future leaders with the tools the girls need to thrive in a rapidly changing world.
