Our council’s response to the COVID-19 pandemic is a situation that continues to change rapidly. Girl Scouts of Southwest Texas, like all other organizations, has had to adapt as necessary and make decisions to best support the health and safety of our girls, volunteers and staff.

There is much uncertainty in how the next few months will unfold as our local communities continue to reopen and plans are announced for the start of school this fall. We are excited about what’s possible and know that the lessons learned, and memories made in girls in new ways and keep them connected to their sister Girl Scouts.
