

WHAT IS THE NATIONAL COUNCIL SESSION?

The National Council Session (NCS) is held every 3 years and is a time when Girl Scouts from around the world gather to conduct the business of the national organization, vote on national proposals, and celebrate Girl Scouting. - take part in and witness the governance of Girl Scouts in action, following all rules of parliamentary procedure to ensure the governance of the organization is enacted with fairness and civility,
- build personal connections with their peers across the Movement,

The final list will be officially elected the GSSWT Board of Directors. Anticipated announcement of selected Delegates and Alternates is summer 2022.

How many Delegates and Alternates will be chosen?

All Girl Scout councils elect delegates to the National Council based on a formula established by the National Board of Directors. The number of delegate spots allocated to GSSWT hasn't been released to us at the time of publication. However, GSUSA has provided councils with guidance to conduct the selection process now. Should we be allocated more delegate spots than anticipated, an alternate will be assigned to fill the spot(s).

What is the role of the Alternates?

To be prepared to fill a spot immediately if needed, alternates are expected to fulfill all duties of the delegates including orientation, trainings, and preparation. Should a delegate no longer be able to fulfill their role prior to NCS or during the triennium, a selected alternate will be assigned to fill that spot.

Do I need any specific previous experience to be a national delegate?

No, previous experience is not required. Training will be provided prior to NCS. However, the selection committee will review applicants based on criteria outlined in the *National Council Delegate Position Overview*.

Can more than one person from a family apply?

Yes! If your family has more than one Girl Scout member who wishes to apply, each should fill out separate applications. The committee considers each applicant individually; selection of both is not guaranteed.
