

Fall Product Program Social Media Rules

We know that girls aren't going door-to-door as much as they used to and that social media, email, texting and neighborhood groups are today's online version of going "door-to-door." With the use of these sites and apps to market and reach supporters, you and your Girl Scout must remember that this is a **GIRL-LED program** and follow all Product Program online safety guidelines, including, but not limited to:

- Must identify herself as a Girl Scout—we encourage you to use Troop #.
- Will only share social media posts with **family and friends** you know—Social media posts should not be able to be shared or seen by the public.
- Will NOT give out any specific information such as address, telephone number(s), parent/guardian place of work address/telephone number(s), and her name and location of your school.
- Adults must accompany girl's grades K-5 and supervise girls grades 6-12.
- AND we **STRONGLY** suggest you do NOT share a girl's virtual storefront link on social media and instead share it over personal message or email.

BIG reminder for adults: As your Girl Scout needs approval and supervision to utilize these marketing tools, it is important to remember that this is a **GIRL-LED program**. We encourage you to use this time to encourage and allow your Girl Scout to learn by doing and lead her own participation in the product programs.
